 - Flowers- 4" x 9 $\frac{1}{2}$ "
 - Small Tag - $\frac{1}{2}$ " x 2 $\frac{1}{8}$ "

INSTRUCTIONS

1. Cut out each piece listed in the measurements above, score & fold card base.
2. Stamping with Momento Tuxedo Black on Whisper White Cardstock:
Flowers - stamp 3 sets of flowers going down the length of cardstock
Small Tag -stamp 'Thank You' sentiment
Card Insert - stamp flowers approx. 1cm above the bottom edge.
3. **Mason Jar Back** - Image needs to be stamped approx. 1cm or slightly less from the bottom of cardstock. Stamp with Pool Party using the Mason Jar stamp in full strength Ink. Using the reverse of stamp, stamp the water half strength by stamping off.
4. **Mason Jar Back** - Stamp the flower stems in Momento Black, stamping off to lighten Ink. Colour with Old Olive Combo and Crumb Cake Dark Blends.
5. Place a few gems on top of the stamped jar, take backing of the back of the Mason Jar Dome, line up and adhere.
6. Using the Mason Jar Punch, punch out the jar slightly to the left side of the DSP.
7. Line up the DSP over the Mason Jar, if need trim down the Whisper White Jar Back. If all fits well making sure Whisper White not showing past DSP remove adhesive back from front of the dome and adhere to DSP.
8. Pierce a hole either side of the top of Mason Jar. With a large eye needle (Tapestry Needle) thread Misty Moonlight/Silver Bakers Twine and thread twine through the holes twice leaving tails on both sides at front.

9. Punch one end of the Small and Large Tags using Lovely Label Pick a Punch.
10. Using Multi-Purpose Glue adhere the DSP card Front to the Bumblebee Cardstock.
11. Adhere the card front to card base also using Multi-Purpose Glue.
12. Piece a hole through the straight ends of Tags. Bring Twine to front of Mason Jar, thread tags through and tie off with a bow. Add glue dot under large tag and adhere to Mason Jar.
13. Colour the set of 3 flowers - try to keep them all the same. Colours that I have used are listed in the supple list.

14. Fussy Cut the flowers -

Flowers 1. Cut complete bunch.

Flowers 2. Cut 3 large flower and 2 of the Blue flowers as one piece.

Flowers 3. Cut 2 large front flowers as one.

15. Place dimensionals behind **Flowers 2** and adhere on top of **Flowers 1**. Do the same with **Flowers 3**. On the back of the **Flowers 1** add double dimensionals for extra height. By doing this It adds height to the flowers so they sit just below Mason jar height.

16. Remove backing from the dimensionals and adhere to above the Mason Jar
17. **Card Inset** - Adhere the DSP trim to the Misty Moonlight trim.
18. Attach Trim to bottom of the card Inset and using Multi-Purpose Glue adhere the Inset to Inside of the card.

19. Your card is complete.... Congratulation!

ENJOY THE TUTORIAL. ANY QUESTIONS PLEASE ASK.
