Spray cardstock with water to allow the ink to move on the cardstock. Then using the flat brush, brush on the Ink blending the two colours. Allow to dry.

5. Vellum Banner - Stamp sentiment using Stazon Jet Black. Flag the right end of banner.
6. Leaf Bouquet - Layer the leaves starting with one of the fern leaves from the Forever Gold Laser Cut. Use the white side of the leaf, then layer the leaves on top starting with the Mossy Meadow leaf, then the Cherry Cobbler leaf on tap of that. Adhere together using glue dots at the base of the leaves.

7. Place the Gold Loop over the wreath with stems going under and the loop going between the white leaf and Mossy Meadow. Use Glue dots to secure the loop to the leaves.
