 - Card Base - 5 ½" x 8 ½", score 4 ¼"
 - Card Front - 4" x 5 ¼"
 - Card Insert - 4 ⅞" x 5 ⅛"

INSTRUCTIONS

1. Cut out each piece listed in the measurements above.
2. Card Base - Score and fold
3. Card Front - Using a piece of copy paper cut the largest circle from the Layering circles Dies. Using Post-It Note tape, tape the Whisper White card front to your workspace. Position the copy paper over the top of the card front and secure it in place with tape.
4. Using a sponge and Blushing Bride Ink, sponge over the circle area starting from the paper and gently working onto the circle opening.

5. Do the same with the Rococo Rose Ink work only around the edges. Remove the copy paper.

6. With the Memento Tuxedo Black Ink stamp the Peony onto the circle with a portion over the edge. Also stamp the Peony onto a Post-It Note and cut out to make a mask. Lay the mask onto and stamp 2 leaves at the bottom and another at the top of the Peony.

7. Stamp your sentiment just below the Peony

8. Add dimensionals to the back of the card front and attach to card base.
9. Inside Card - With the Whisper White Inset for the Inside of the card I stamped the small Peony flower in the bottom right corner and just sponged over the flower. This was then adhered into the Inside of the card
