Instructions

1. Cut all the above cardstock to size and score Card Base.
2. Basic White Card Mat – Run through the Cut and Emboss Machine using the Subtle 3D Embossing Folder.
3. Frame - Using the 2nd largest die from the Ornate Layers Dies and a Stitched Rectangle die that fits inside that frame. Place them onto the basic White cardstock together and run through the Cut and Emboss Machine. As per photo below.

4. Run the Foam Adhesive strips around the frame on the back. Remove backing and adhere to the embossed Mat. This will give your frame a look as if it is floating.
5. Die cut 2 fern leaves from the Mint Macaron and Just Jade.
6. Die Cut a Butterfly from the Butterfly Bijou. Or you could stamp and colour your own Butterfly.
7. Adhere the ferns to the card front with the stems over lapping in the bottom right corner. Use Multi-purpose Glue to attach the leaves to the frame and the Mini Dimensionals to adhere inside the frame, onto the mat underneath.
8. Attach the butterfly on top of the ferns with Multi-purpose Glue
9. Add Wink Of Stella to the butterfly Wings.
10. Attach 3 Elegant Faceted Gems – one near the top of the fern, one near the top of right wing on frame and the last on the frame near the left wing.
11. Card Insert – Adhere the Basic White cardstock to the Mint Macaron Mat and attach to the inside of the card.
