How to....

1. Cut and score all cardstock as required.
2. Using Secret Sea ink, stamp
 - 1 large flower and 2 smaller flowers onto the Petal Pink Designer Series Paper
 - Stamp the 'Happy Birthday' sentiment onto the Basic White strip
3. With the coordinating dies, die cut the stamped flowers and sentiment.
4. Die cut four sets of leaves from Old Olive cardstock.
5. Adhere the Secret Sea DSP strip to the left-hand side of the Cloud Cover DSP card front.
6. Attach the DSP card front to the Cloud Cover card mat.
7. Wrap 20 cm of ribbon lengthwise around the front of the card, covering the join between the two DSP pieces. Secure on the back with snail. *TIP: As the ribbon is slippery add small amount of snail under the ribbon on the front.*
8. Add dimensionals to the back of the die-cut flowers and adhere them to the front of the card over the ribbon, arranging them into a floral cluster with the smaller flowers tucked under the central larger flower.
9. Using multipurpose liquid glue, adhere the Old Olive leaves in and around the flower cluster.
10. Adhere the sentiment across the front of the card, over the flowers and DSP, using a combination of multipurpose liquid glue and a mini dimensional.
11. Card Insert: Adhere the Secret Sea DSP strip to the left-hand side of the Basic White card insert, then adhere the insert to the inside of the card.
12. Finishing Touches: Add three White Moody Palette Glossy Dots from the Lovely Blossoms Suite Collection to the front of the card to finish.
