Crisp Cantaloupe Classic Ink Pad

Embellishments

Baker's Twine Essentials Pack

How to....

1. Card Base

- Fold card base along score line
- Position the largest scalloped die onto folded card base, making sure the die is positioned so that the folded edge is below the 3 of the scallops. Run through Cut & Emboss Machine.
- Fold top of card front in half lining up the scallop edges and burnish.

2. Scalloped Circles- 3 largest dies

- Golden Glow, cut largest scalloped circle
- Gingham Golden Glow, cut the 2nd largest scalloped circle
- Floral DSP, cut the 3rd largest scalloped circle

3. Card Front

- Using multi-purpose glue only add glue to the below the folded section of the card base front. Adhere the Golden Glow card front matching up the scallops.

- Making sure you know where centre front is adhere the gingham scalloped circle to the card front, offsetting to the right.
 - Adhere the floral DSP on top of the gingham following the same offset.
- Flowers- using the smallest 3 scalloped circles
 - Large Flower – 3 layers, large and smallest scalloped circles cut with dark side up. Middle layer cut with light side up.
 - Small Flower – 2 layers, middle and small die. Middle -light, small – dark
 - Flower Centres – circle dies in Golden Glow Gingham
 - Crisp Cantaloupe – 1 large & 1 small flower
 - Barely Blush – 1 small flower
 - Hydrangea Hue – 1small flower
 - Leaves – Peaceful Pine
 - Using large leaf/ branch die cut 5 on the dark side
 - Small leaf die cut 5 on light side
 - With a bone folder lightly crease the leaves and sand.
 - How to make flowers
 - Scrunch up each flower layer, unfold and re scrunch.
 - Using sandpaper or nail file, sand the paper lightly over the folds. Using multi-purpose glue, add a small dot in centre of each layer & layer them up to create flowers. Scraunch up the flower centres and add into the flower.
 - Tag, stamp sentiment in Crisp Cantaloupe and die cut. Add White baker's Twine to the tag and place 2-3 dimensionals to the back of the tag.
 - Adhere the large flower offset to the left with multi-purpose glue. Then adhere a small flower either side of the large flower. Keep small Crisp Cantaloupe flower and small leaf aside for the card insert.
 - Add leaves in and around the flowers using both light and dark.
 - Card Insert
 - Adhere the Basic White scallop circle to the inside of the card.
 - Add the small flower in Crisp Cantaloupe and a leaf to the centre front of the card insert.

- Add sentiment to the card front beneath the photos.
