Timeless Christmas Suite Collection

Cardstock/DSP

Pecan Pie, Basic White

Tools

Hole Punch Assortment, Mini Cut & Emboss, Multi-purpose Glue, Foam Adhesive Sheets, Tear and Tape, Dauber, Black .04mm Journaling Pen

Inks/Blends

Pecan Pie, Cherry Cobbler, Peaceful Pine

Embellishments

Multicolour Christmas Bakers Twine

Measurements

	Colour	Imperial/Letter	Metric/A4
Gift Card Holder Base	Pecan Pie	4½ x 6½", score 2 ¾, 5 ½"	11.5 x 17.5cm, score 6, 13cm
DSP Front panels x 3	Peaceful Pine Spot	4¼ x 2½" 4¼ x 2½" 4¼ x 1½"	11 x 5.5cm 11 x 6.5cm 11 x 4cm
Front	Basic White	2¾ x 3¾"	6.5 x 9.5cm

How to....

1. Cut and score all cardstock and DSP.
2. Die Cut Basic White cardstock using the 2nd smallest Scalloped Christmas Cheer Die
3. The cardstock is divided into three panels. The larger end panel will form the flap that folds over to create the front of the card. To angle the corners of this panel, measure 2 cm (¾") across and up from the corner, then trim diagonally between the two marks.
4. Take the 11 x 5.5 cm (4¼" x 2½") DSP panel and angle the two corners along one of the 11 cm (4¼") sides, using the same measurements and method as in the previous step.
5. Using a dauber and Pecan Pie Ink, sponge around the edges of the Gift Card Holder base, both sides of the two folded edges, and all around the edges of the DSP panels to create a soft, aged finish.
6. Adhere the 3 panels to the Gift Card Holder base.
7. Using a Journaling Pen, draw stitching lines around each panel to add detail. Alternatively, you could draw doodle lines around each section for a fun, decorative finish.
8. Punching the Hole: With the holder open, measure across the front between the angled corners and mark the halfway point. From this mark, measure up 1.5 cm (¾") and mark the spot. This will be your guide for punching a hole using the Punch 1.
9. Gift Card Pocket: Apply Tear & Tape or Multipurpose Liquid Glue along the two 4.5 cm sides of the holder. Remove the backing from the Tear & Tape, then fold the sides back onto the middle section and adhere in place to form the pocket. Burnish well to ensure the edges are firmly secured.
10. Stamping on Basic White Scalloped Christmas Cheer Die
 - Holly Leaves- Using Peaceful Pine Ink stamp the leaves in the top left corner
 - Berries- Using Cherry Cobbler ink stamp the berries just above the Holly Leaves.
 - Sentiment- With Pecan Pie Ink stamp the sentiment.
11. Cut two pieces of Foam Adhesive Sheet, each measuring 2 x 3.5 cm (¾" x 1¼"). Adhere one piece to each side of the scalloped die-cut, leaving a gap between them for the twine to pass through.
12. Cut a 40 cm (16") length of twine and tie a know in each end to stop it from unravelling.
13. Place the twine through the hole from back to front.
14. Remove backing from adhesive and adhere the scalloped die cut to the front of the holder, keep the twine within the gap so the twine can move freely.
15. Wrap twine around the back to the front and tie off into a bow.
